## Column™ Push Plate Switches

### TOP LOAD

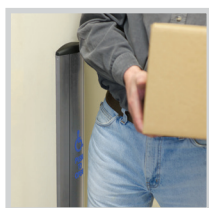

4-1/2" WIDE - CM-74 SERIES  
6" WIDE - CM-75 SERIES

Camden **CM-74 & CM-75 Series** 'Top Load' Column™ push plate switches are surface-mounted and designed for use when there is no obstruction above the installed unit, and a very low profile is desired.

#### Features

- OBC, NBC, & CSA compliant activation plate (Stainless Steel model not CSA compliant)
- Option for built-in touchless activation sensor
- Option for Kinetic™ or Lazerpoint™ wireless
- Surface mount with leveling screws (no back box)

### SIDE LOAD

4-1/2" WIDE - CM-84 SERIES  
6" WIDE - CM-85 SERIES

Camden **CM-84 & CM-85 Series** 'Side Load' Column™ push plate switches feature a two-piece construction with a surface-mount back box and are designed for use when an obstruction above the installed unit prevents the installation of a 'Top Load' model; where the Column™ switch is mounted to narrow curtain wall, or where the Column™ switch will span a lite of glass.

#### Features

- 2-1/4" (32mm) deep with CSA compliant activation plate
- Heavy-duty extruded aluminum construction
- Option for built-in touchless activation sensor
- Option for Kinetic™ or Lazerpoint™ wireless
- Option for DPDT switches
- Surface mount with integral back box

## SPECIFICATIONS

VOLTAGE:	<b>Standard Models:</b> N/A <b>VR Models:</b> 12-24 VDC +/- 10%	CONTACT TYPE:	<b>Standard Models:</b> SPDT Momentary, Form 'C' <i>Optional DPDT switch used with CM-84 &amp; 85 series</i> <b>VR Models:</b> Common / N.O. / N.C.
CONTACT RATING:	<b>Standard Models:</b> 15 Amps @ 30 VDC <b>VR Models:</b> 1 Amp @ 30 VDC		

CONTACT TYPE: **Standard Models:** SPDT Momentary, Form 'C'  
*Optional DPDT switch used with CM-84 & 85 series*  
**VR Models:** Common / N.O. / N.C.

## MODELS

TOP LOAD - 4-1/2" WIDE

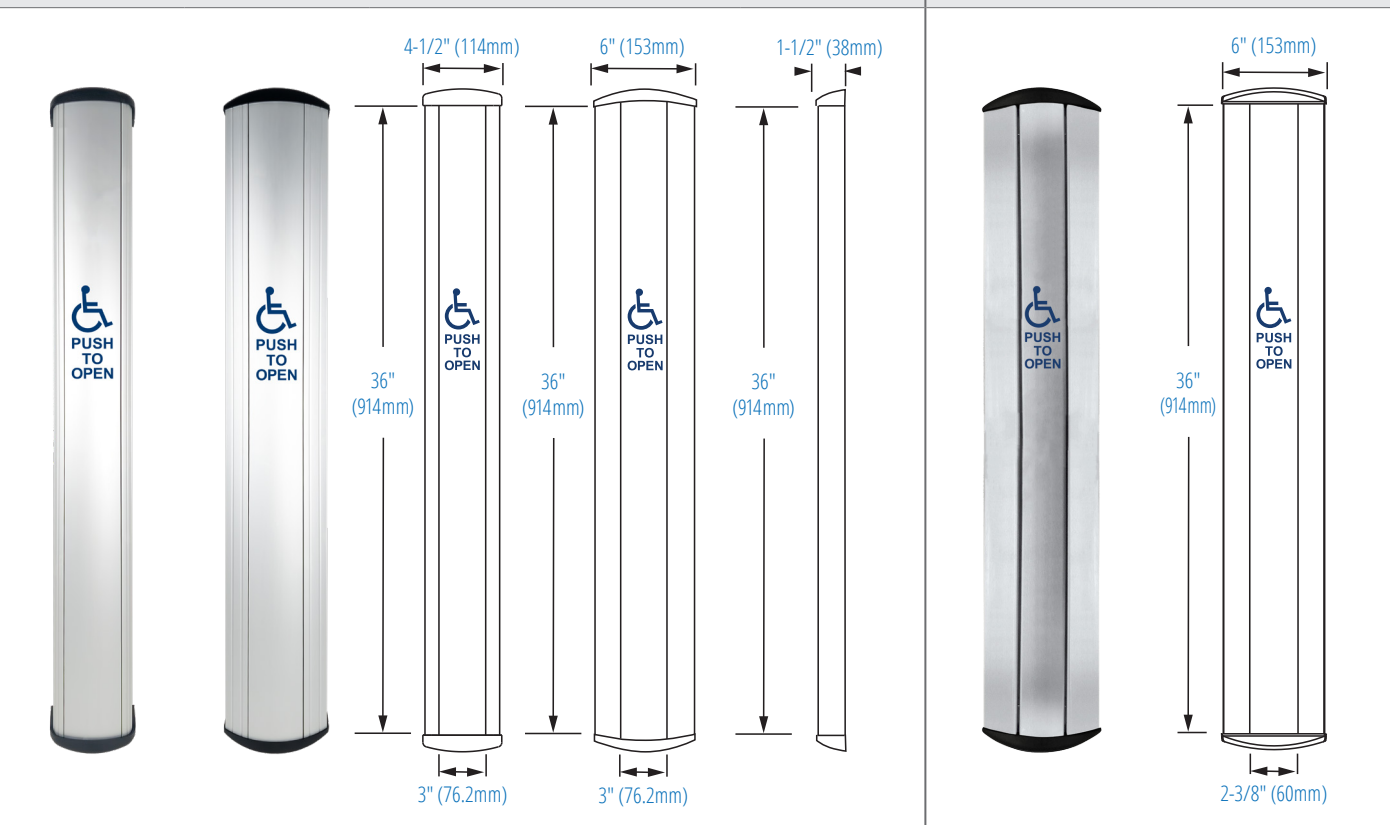

<b>CM-7436</b>	36" x 4-1/2" Column™ aluminum push plate switch, anodized clear finish
<b>CM-7436VR</b>	36" x 4-1/2" Column™ aluminum push plate switch with hands-free sensor, anodized clear finish
<b>CM-7436K</b>	36" x 4-1/2" Column™ aluminum push plate switch, anodized clear finish with built-in Kinetic no-battery wireless transmitters, receiver required

TOP LOAD - 6" WIDE

<b>CM-7536</b>	36" x 6" Column™ aluminum push plate switch, anodized clear finish
<b>CM-7536VR</b>	36" x 6" Column™ aluminum push plate switch with hands-free sensor, anodized clear finish
<b>CM-7536K</b>	36" x 6" Column™ aluminum push plate switch, anodized clear finish with built-in Kinetic no-battery wireless transmitters, receiver required
<b>CM-7536SS</b>	36"x 6" Column™ stainless steel push plate switch, brushed stainless steel finish
<b>CM-7536SSK</b>	36" x 6" Column™ stainless steel push plate switch, brushed stainless steel finish with built-in Kinetic no-battery wireless transmitters, receiver required

### CM-7536SS/4 Dimensions

MODELS	
SIDE LOAD – 4-1/2" WIDE	
<b>CM-8436</b>	36" x 4-1/2" Column™ aluminum side load push plate switch, anodized clear finish
<b>CM-8436VR</b>	36" x 4-1/2" Column™ aluminum side load push plate switch with hands-free sensor, anodized clear finish
<b>CM-8436K</b>	36" x 4-1/2" Column™ aluminum side load push plate switch, anodized clear finish with built-in Kinetic no-battery wireless transmitters, receiver required
SIDE LOAD – 6" WIDE	
<b>CM-8536</b>	36" x 6" Column™ aluminum side load push plate switch, anodized clear finish
<b>CM-8536VR</b>	36" x 6" Column™ aluminum side load push plate switch with hands-free sensor, anodized clear finish
<b>CM-8536K</b>	36" x 6" Column™ aluminum side load push plate switch, anodized clear finish with built-in Kinetic no-battery wireless transmitters, receiver required

SIDE LOAD COLUMN™ SWITCH DIMENSIONS & IMAGES				
				
<b>CM-8436/4</b>	<b>CM-8536/4</b>	<b>4-1/2" Side Load Dimensions</b>	<b>6" Side Load Dimensions</b>	<b>Side Load Side View Dimensions</b>

ARCHITECTURAL FINISHES	
 <b>-BRZ</b>	Add suffix 'BRZ' for anodized dark bronze finish (BHMA 710, 313AN)
 <b>-BLK</b>	Add suffix 'BLK' anodized black finish (BHMA 711)
 <b>-BLU</b>	Add suffix 'BLU' for anodized blue finish

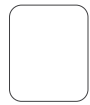

WIRELESS RECEIVERS (Order separately)	
<b>CM-RX-90</b>	Kinetic by Camden™ and Lazerpoint™ compatible receiver
<b>CM-RX-91</b>	Lazerpoint™ compatible single relay receiver
<b>CM-RX-92</b>	Lazerpoint™ compatible dual relay receiver

BATTERY POWERED WIRELESS TRANSMITTER	
<b>-TX</b>	(1) CM-TX-9 Lazerpoint™ wireless transmitter with alkaline battery pack, mounted in Column™ switch cap
<b>-TXL2</b>	(1) CM-TX-9 Lazerpoint™ wireless transmitter with lithium battery pack, mounted in Column™ switch cap

WATERPROOFING OPTION	
<b>-WT</b>	Add '-WT' to Product # for Boot & Water Tight Coating
CONTACT SWITCH OPTION (CM-84 & 85 Series Only)	
<b>-DP</b>	Add '-DP' to Product # for 2 x DPDT switches

## FACEPLATE GRAPHIC OPTIONS (Add suffix to model number, Add suffix 'F' for French, 'FE' for bilingual, 'SP' for Spanish)
